The “Official” Forum Generations™

angelcrest52

These Generations are listed from earliest to newest.

OG Gen (2014 to mid 2015)
Also known as the “oldie” or “original” generation, this is the first ever gen to inhabit the forums. This gen was pretty small and most people from this gen have left or disappeared.

Gen Drama/Drama Gen (mid 2015 to mid 2016)
This is the first generation to start major flame wars (in this forum at least) and a lot of major fights went down in this time period. A lot of people from gen drama still are here today.

Flame Gen/Gen Flame (mid 2016 to mid 2017)
A slightly more recent generation. This is when a lot more controversy sparked and flame wars became a little more common. Still, an okay time and wasn’t too bad to be in.

FWRP Gen (mid 2017 to mid 2018)
The emergence of FWRPs becomes common at this time. The most popular are ML and GGaD. With this comes complaints about FWRPs and their popularity.

GenShippers (mid 2018 to now)
More newcomers arrive and they give way to new trends such as shipping together. This is pretty self explanatory seeing as it happened recently.

My version for the last one:

Gen Meme(mid 2018 to now):

Meme reciting becomes a trend, which sparks silly arguments over which is better(like Bepis vs Conk vs Sprint).

I'm part of the FWRP gen I guess
FWRPs got a lot more popular around late 2017-early 2018, if I recall, which is also when GGaD became a lot more popular
And I CW being rather popular back when I first joined these forums
WRN was also a thing for a decent amount of time
I myself created a failed FWRP, although according to this scale that's around the time the GenShippers came around

I joined on March 3rd 2018, but I had a few other accounts before that were mainly used to play the Spirit Animals game. I honestly never came on the forums until then because the word "Forums" seemed like a boring place (which it totally is not. I am so glad I stumbled upon it.)

Sooo I guess that makes me late FWRP Gen / early GenShippers?
